## Over a century of light

Flexibility is a strength that allows the company to treat the product serial, contract and custom made, with remarkable achievements of prestige.

Design, research of forms and materials, care in the execution of the product, the concepts are passed by other names and translated into contemporary language.

Zonca offers a full range of products and services to meet the needs Hotel class: the creations Zonca give light and elegance in accommodation facilities of the highest standard.

A success due to the ability to create customized products, in close co-operation between the company and the designers, the architects chosen by the client.

To all this, add a well-kept after-sales service, which is why these developments in detail meet any aesthetic requirement and technical adhering to the expectations of the most demanding.

In addition to its own in-house designers, the company relies on the search for new formal solutions to some of the most famous designers in the contemporary scene. This is how lamps uniquely styled creations designed to show its beauty in classy interior.

Bubbles and bumps in Venetian glass art, seams and joints in shades, slight color variations on different supplies, they are all possible imperfections in our products, created so uniquely crafted and in the tradition of made in Italy.

## Oltre un secolo di lampade

La flessibilità è un punto di forza che consente all'azienda di curare il prodotto seriale, il contract e il custom made, con realizzazioni di ragguardevole prestigio.

Design, ricerca delle forme e dei materiali, cura nella esecuzione del prodotto, sono concetti tramandati con altri nomi e tradotti in linguaggio contemporaneo.

Zonca offre una gamma completa di prodotti e di servizi per le esigenze dell'hotel di classe: le creazioni Zonca donano luce ed eleganza a strutture alberghiere di altissimo livello.

Un successo dovuto anche alla capacità di realizzare prodotti personalizzati, nella stretta collaborazione fra l'azienda e i progettisti, gli architetti indicati dal cliente.

A tutto ciò, si aggiunge una curatissima assistenza post vendita: ecco perché queste realizzazioni soddisfano nel dettaglio qualunque requisito estetico e tecnico, aderendo alle aspettative dei più esigenti.

Oltre a disporre di propri progettisti interni, l'azienda affida la ricerca di nuove soluzioni formali ad alcuni fra i più celebri designer del panorama contemporaneo. Nascono così lampade dallo stile esclusivo, creazioni pensate per esibire la propria bellezza in ambientazioni di classe.

Bollicine e rilievi nei vetri artistici veneziani, cuciture e giunzioni a vista nei paralumi, leggere variazioni di colore su forniture diverse, sono tutte possibili imperfezioni nei nostri prodotti, creati in modo unicamente artigianale e nel rispetto della tradizione del made in Italy.
