METAL LUX significa anche "obiettivo-meta" di luce!  
...e fare luce, per noi oggi, esprime ancor più l'idea di  
opera di ingegno, ricerca e professionalità,  
però con il sostegno (plus indispensabili) di poesia ed emozione.

Da quasi 50 anni, costruiamo luci di forme e funzioni uniche, con personalità e caratteri distintivi forti, seguendo input di esperti designers, impiegando i materiali migliori e offrendo soluzioni efficaci: così rispondiamo ai mercati, sempre più evoluti e competitivi, senza mai perdere il carattere distintivo dei nostri prodotti.

Metal Lux beyond the Light, Light as final result of a work in progress.  
Being lighting manufacturers implies the idea  
of a gesture connected with talent, experience, skill and professional culture.

Since over 50 years we are devoted to create unique light fittings where form and function are melted with a personal vision of elegance, and taste. With the helping hand of highly qualified professional designers we are enjoying a long history of successful co operation with importers distributors, interior decorators and designers worldwide.
