

 SLV

GOOD REASONS TO
TURN TO **SLV** WHEN IT
COMES TO LIGHT.

LIGHT HAS FASCINATED US FOR 35 YEARS.

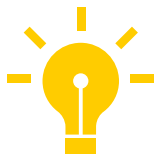

WHEREVER IT IS NEEDED.

Light is endlessly multifaceted. It provides security, illuminates the way, awakens emotions, sets accents, and gives rooms their special atmosphere. That is why we are passionate about providing solutions for all of your indoor and outdoor lighting needs – regardless of whether these are residential or commercial in nature. Our team is made up of 400 employees in 38 countries, all of whom are working hard to provide you with lighting solutions for exteriors, interiors, and objects in residential, trade fair, store, office, and restaurant applications. Come find out what distinguishes SLV for yourself!!

LIGHT HAS BEEN AROUND SINCE THE BEGINNING.

WE REINVENT IT EVERY DAY.

TRENDS

Our German design center develops over 800 new lighting solutions every year, just for you. At SLV, tracking down new trends and collaborating with renowned designers is just as important as ecological friendliness, that is why we cooperate with leading high-tech manufacturers and make use of super-efficient LED, halogen, and luminescent technologies. Because everything looks better in the right light.

LIGHT IS FAST.

LIKE OUR DELIVERY TIMES.

24 H DELIVERY SERVICE

One of our most important values is the fact that we can serve as your lighting warehouse. Our logistics make it possible: 98 % of our products are always stocked on our warehouse shelves, and thanks to our highly efficient handling center „delivery wait“ is a phrase that is foreign to us – we deliver within 24 hours inside of Germany, and 48 hours throughout the rest of Europe. We realize that light will always be a little faster, nevertheless we work hard to set new delivery time records for you every day.

LIGHT IS DIVERSE.

JUST LIKE OUR 3,500 DIFFERENT PRODUCTS.

PRODUCT PORTFOLIO

Office, trade fair stand, restaurant, kitchen, hallway, living room, bath, garden, or terrace: we can offer you the ideal lighting solution for almost every conceivable space and use. From LED profiles, display lamps, table and ceiling lamps, and stands – to complete high and extra-low voltage lighting systems: our lamps and lighting systems allow you to create any light space that you can think of. And you can find that same range of choice among our efficient illuminants. In short: it is always worth turning on to SLV.

DOES LIGHT STAND FOR QUALITY?

AT SLV – ALWAYS.

COST-BENEFIT

You will always get a good deal for your money with SLV lighting solutions. All of our products combine modern design with the highest European efficiency and quality standards. And our tech labs really put our products through the paces – there they undergo testing for EMC, energy efficiency and light quality, as well as resistance to splashing water and weather. If you want to appear in the best possible light with your customers, simply recommend SLV: highest quality at solid prices.
